

Job Title: Electrician – Door Entry

Location: Romford Office working across London Borough of Waltham Forest

Responsible to: Electrical Contracts Manager

About Aston Group

We are an established, family run, privately owned business that has been setting standards for efficiency, innovation and quality for 55 years. We are passionate about providing an excellent service to both our clients and our colleagues, and pride ourselves on our quality of work and reputation. We are immensely proud of our hard working and dedicated team who have been integral to the company's success, and we look forward to working and thriving together.

Job Purpose/Key Responsibilities:

To primarily maintain, repair and install door entry systems. To undertake electrical installation and maintain electronic and electrical systems. To install, inspect and test equipment, making sure that electrotechnical systems work. To find and fix faults.

- Diagnose malfunctioning systems, apparatus, and components, using test equipment and hand tools, to locate the cause of a breakdown and correct the problem
- To assemble, install, test and maintain electrical wiring, equipment, appliances, apparatus and fixtures using hand tools, power tools and other specialist equipment to 18th edition wiring regulations.
- Training apprentice electricians.
- Ensuring that a high standard of safe working practices are maintained at all times.
- Ensuring that activities are carried out in an efficient and practical manner.
- Connect wires to circuit breakers, transformers, or other components.
- Inspect electrical systems, equipment, and components to identify hazards, defects, and the need for adjustment or repair, and to ensure compliance with codes.
- Advise management on whether continued operation of equipment could be hazardous.
- Test electrical systems and continuity of circuits in electrical wiring, equipment, and fixtures, using testing devices such as ohmmeters, voltmeters, and oscilloscopes, to ensure compatibility and safety of system.
- Liaise with all stakeholders and contractors as required to ensure a high quality service is delivered and a high level of customer satisfaction is achieved.

- Plan and organise your own daily work, ensuring work is complete in the allocated time.
- Carry out survey reports as required.
- Responsible for the delivery of planned commitments to the client, ensuring agreed KPI's and service levels are being met.
- To maintain a high standard of customer service for all internal and external facing activities
- To attend regular meetings.
- To comply with the company's Health and Safety policy at all times and follow all related safe systems of work and risk assessments that are produced for the task.
- Work alone to find and present faults and concerns in electrical systems without receiving explicit direction.
- Possess working knowledge of IEE regulations, City & Guilds 2360 and 2382 qualifications, and inspection and testing certificate (2391)
- To undertake tasks as necessary to ensure the achievement of the project.
